THURSDAY.....OCTOBER 4, 1888.

TOWN AND COUNTY.

BREVITIES.

Picture mouldings and curtain poles at Osburn & Shoemaker's.

John Schaefer, now messenger boy for the Western Union Telegraph Co. here.

Sewing machines 30 per cent. cheaper than elsewhere at Osburn & Shoemaker's.

The Storey County Republican Convention will be held in Gold Hill tomorrow.

Wall paper, from cheapest blacks to rich gold, at Osburn & Shoemaker's.

Mixed paint, the best in the world, all colors, at Osburn & Shoemaker's.

W. M. Havener has sold his entire stock of groceries out and will retire from business.

S. J. Hodgkinson will move his drug store into the room occupied by W. M. Havener as soon as it can be fitted up.

G. W. Mershon has gone to Sierra Valley; Harry Schultz will act as Night Watchman for him during his absence.

The Reno Water Reduction Works vs. C. C. Stevenson, J. F. Hallcock, et al., is up in the Supreme Court this week.

S. Emrich has returned from San Francisco, and soon will be opening a fine new stock of Fall and Winter dry goods.

The Carson Tribune says: The Reno Journal has entered on volume 30. It is a live paper and staunch friend to Washoe county.

E. W. Lambrock, who for the past year has been with Osburn & Shoemaker, left yesterday via Lake Tahoe, for San Francisco, where he goes to commence the study of medicine.

H. A. Mason, the founder of the Sierra Valley Leader and present editor of the Truckee Republican, was married at Santa Clara, Cal., last Wednesday to Miss Alice Kaiser, or more properly Miss Alice Webber, of Truckee.

F. & S. N. Levy, tailors, 209 Sutter street, San Francisco, California. Our Mr. Felix Levy will be in Reno about Oct. 5th with an elegant assortment of samples for Fall and Winter. Will be pleased to have you call at the Riverside Hotel and see them.

Among the articles deposited in the corner-store of the U. S. building at Carson was a silk handkerchief with the proceedings of a meeting held by the Masons on Mt. Davidson, after the fire in 1875, printed thereon. It was deposited by Phil Doyle. Such handkerchiefs are to be seen in Masonic Halls in many places in the United States and also in Europe.

AT TRUCKEE.

Most of the Chinamen leave after selling their snuffles.

TRUCKEE, Oct. 21.—Eight Chinamen were still in town yesterday morning, notwithstanding the request of the citizens that they leave. Each Mongolian wanted pay for his property. The citizens subscribed money enough to buy five frame buildings at the price asked by the Chinamen, and this afternoon a large concourse of people marched to Chinatown and proceeded to tear down the buildings that were purchased.

No other property was harmed, and no Chinamen were injured or even insulted.

Five Chinamen left last night never to return, and go of their own free will and accord. The other three remain over to dispose of their property. The citizens are bidding lively on Chinatown lots and buildings. The utmost order prevailed to-day.

A stranger was detected in the act of setting fire to a Chinatown house, and only saved himself from lynching by his sudden disappearance. Lars Fargeson, a Norwegian, suspected of selling liquor to Indians was given until to-morrow to leave town, and the same notice was served on a negro named Lewis for like reasons.

Yeon Chung Jan, a leading Chinese property holder, has been tried and convicted of giving opium to an Indian.

RENO NEWSPAPERS.—The Enterprise says:

Messrs. Young & Preble have sold the Reno Gazette to Allen Bragg. Mr. Bragg is an experienced and wide-awake newspaper man. He will have an able assistant in Mr. Linn. The pair will not allow the Gazette to fall back from the high position it had attained under the former management. The new men will strive to do still better as the town and surrounding region advances. The Reno Journal, the morning paper of the town, has entered upon volume 20. It grows livelier with age. No moss is to be found on its back.

RENO'S NORTHERN COUNTRY.

Quincy, Johnsville, Eureka Mills, Mohawk Valley, Sierra Valley, Genesee Valley.

The editorial wanderer of the Greenville Bulletin staff had the pleasure of visiting several portions of Plumas last week, and a few observations pertaining to the country through which he passed, may not be amiss or uninteresting to many JOURNAL readers.

QUINCY.

Leaving Indian Valley on the 14th inst., we sought the Mecca of Plumas, Quincy, where we found the politicians gathering in profusion to participate in the battle which was to be waged in the Republican convention on the day following. There seemed an anxiety on the part of the delegates to be on hand Friday evening, before the convention, lest there should be some afroit "wire-pulling" done, unobserved by the aforesaid delegates, or some "mains" laid, too deep for their detection. In fact, if there is anything here below that will bring color to the alarmist cheeks of him who professes to have a goodly share of political shrewdness, it is the thought of getting "left" in a summary manner in the deliberations of a political convention. Hence, the experienced delegate, who has measures to carry, or candidates to nominate, has a pardonable desire to be on hand in time, to dispose his forces to the best advantage for the conflict. Our delegate, when asked why he came so early, tersely expressed the cause of his previousness by saying that he never cared to arrive after the convention was held. Such motives produced a crowd of goodly proportions in Quincy, on Friday, the 14th inst., and the usual hospitality of the capital made all comers welcome. The candidates, whose names were to be presented to the convention, as well as those nominated by the Dr. Tracy a week before, were there to greet the visitors with smiles profuse and bland, and hand-shakings vigorous and magnetic. "Why, how d'y do, Mr. Jones? Awful glad to see you! Well, how are you? How is the crop? How are the wife and babies? Have you got that fine bay colt yet? That's a fine country over there! How many babies have you? Come over to the convention? Let's have a cigar." Thus the shrewd candidate endeavored to beguile the untutored delegate into his political net, but the plan was not always successful. The Democratic candidate, also, was on hand, to enjoy the fun, deeming it not an ill-advised plan to cast his hook into the Republican pool. The business houses had all they could well attend to; the stores sold campaign hats at a lively rate, the saloons were well filled with Republicans "exemplifying Democratic work," and the handsome young clerks at the Plumas House were kept busy attending to the wants of their guests.

Quincy is unquestionably the prettiest town in Plumas, and, although business is quiet, the place has a tidy appearance. The residences are surrounded with green sward, and fruit, shade or ornamental trees, all of which go far towards making homes beautiful. Her people deserve credit for one thing in particular: On propositions for the benefit of the town, there is unity of both sentiment and action. Any measure, calculated to build up or sustain the interests of her people, will receive support.

JOHNSTON.

Leaving the capital, we wended our way to the lively mining town of Johnsville, situated below and near the famous Plum or Eureka mine. During the past few years, this village has grown considerable. The stores of J. F. Butler, O. B. Dolly and Willoughby Bros. carry good stocks of merchandise, and they seem to do a good business. The hotels are presided over by Mat Willoughby and M. Pasetti respectively. There are five saloons in the place. J. H. Fletcher conducts the drug store and post office; C. H. Clark a jewelry establishment. Mr. Clark makes some very fine jewelry. John Novil, aside from the large contracts he has for supplying wood and timber to the Eureka company, conducts a butcher shop. Johnsville is a nice schoolhouse, in which U. S. Webb, a talented young man, holds sway. Mr. Webb lately came from Kansas, where he was engaged in the newspaper business. Over the schoolhouse is an Odd Fellows' Hall. The Lodge has a good membership.

THE PLUMAS EUREKA MINE continues its operations with the usual regularity and success. John Hosking is Superintendent, T. B. Inou, Clerk and head accountant, and Wm. F. Johns assayer. There are over 200 men on the pay roll, most of them from Cornwall. It is the policy of the management to employ only men of sobriety. The greater part of the ore is taken out through the lower tunnel. The forty-stamp mill is one of the best equipped in the country. The corporation has its own assay office, over which Wm. F. Johns presides. The assayer's outfit is complete. Mr. Johns also does the electroplating for the company.

MOHAWK VALLEY.

Supervisor Knickrem conducts a store here. The place, should the pro-

jected railroad be finished, will be the scene of much activity. The Knott property, which was sold under foreclosure of a mortgage, was redeemed last week. This looks as if the railroad company would make an effort to complete the road. There are no better routes through the Sierra, for a railroad, than that through Beckwith Pass, Mohawk Valley, American Valley, and down the North Fork of Feather river.

SIERRA VALLEY

Is fast coming to the front. For years the settlers had many obstacles to contend with, chief among which was the grasshopper plague. That pest is no longer to be seen there. The grass crop was exceedingly short this year, but the yield of grain was very good. All of the straw has been saved, and it is selling at six dollars per ton. Doubtless considerable stock will be driven to other places to winter. Many improvements are noticeable. More attention has been given of late years to opening up the country by means of suitable roads, though many more are needed than now exist. The dairy business is becoming the leading industry of Sierra Valley. The Swiss population is engaging in the business extensively, and all of them appear to be making money. Lierre county has proven to be a good market for the produce of that section of the country.

The town of Beckwith supports two stores, that of J. R. Ensoe, and that of L. Levy, one hotel, a general blacksmithing and wagon-making shop, conducted by that enterprising, business-like mechanic, D. McFarlane; also a Masonic Hall, Postoffice and an express office. Mr. Ensoe keeps one of the largest stocks of merchandise in the county. The town has a good concert band which, under the leadership of Thos. W. Treleaven, is rapidly advancing in the art musical. The band will give a concert on Wednesday evening, Oct. 3d, during the Grange Fair, which has become quite a feature with the people of that valley.

The artesian wells in Sierra Valley are a wonder. There is scarcely ranch without one or more on it. The flow from some is large, making the irrigation of gardens, small patches of alfalfa, etc., practicable. Last week, on Meyers' ranch, at the depth of about 540 feet, a reservoir of water, about 100 degrees temperature, was tapped. The flow from this well is approximately 150 gallons per minute. About three-eighths of a mile from this is another well, on the Hathaway place. This is truly a great wonder. From the three-inch casing spouts a large volume, ten inches above the end of the casing. To Mr. Hathaway this well is quite valuable. The water is used for all domestic purposes in which hot or warm water is required. This water, running along by tomato plants, has efficiently protected them from frost. The flow from this remarkable well is about 600 gallons per minute. It is in the region of the Hot Springs. Though no chemical analysis has been made of it, the water seems to carry some lime, and much carbonic acid gas seems to be emitted.

GENESEE VALLEY.

Leaving Sierra Valley on his return to Indian, the gem of the mountain valleys, one passes through Red Clover to Genesee. The road is picturesque and charming. Genesee, though small in extent, presents one of the grandest scenes to be found in California. The widest part forms the productive ranch of Supervisor Hosselkens. On the south the mountains rise to a great height, with an abruptness and outline so charming as to command the attention and admiration of even the most unobserving of the beauties of nature. The beautiful and well appointed home of Mr. Hosselkens adds a little to the charm of the panorama. The large brick dwelling, its architectural beauty, the green sward surrounding, and the numerous other substantial buildings, suggests to the mind of a stranger a pleasant little village. Truly this is one of the most charming homes of Plumas county, the result of many years of energy and business sagacity.

The Enterprise says "completely unlike anything known on the Comstock is the mode pursued to extract ore in Hawthorne district. The moment a vein is found a man is put to work to follow it. In the Panhandle there are twenty men at work on different veins or different parts of veins—but every man is working on ore. It is, indeed, like following a serpent, and he may be coiled, or trailing, or climbing or tumbling—though going in one general direction. The miner samples by a process known as "horsing" every 15 or 20 pounds of ore that he extracts from his streak. He may work for weeks on streak without getting a "color," or he may get gold ore running from \$20 a ton to as high as \$97 worth of gold in his horn, which contains about one pound of gold. One hour may be lousy with gold, and the next few contain nothing. This peculiarity involves extreme care on the part of miners, but the work is easy, pleasant and extremely exciting."

The Senate Tariff bill is now complete and will be reported as soon as the minority finish their report.

A Luxury and Necessity.

For rich and poor who wish to enjoy good health, and who do not wish to resort to bitter, nauseous liver medicines and cathartics, is the concentrated California liquid fruit remedy, Syrup of figs. Sold by Wm. Pinniger, Reno.

A Warning.

The modes of death's approach are various, and statistics show conclusively that more persons die from diseases of the Throat and Lungs than any other. It is probable that everyone, without exception, receives vast numbers of Tubercle Germs into the system and where these germs fall upon suitable soil they start life and develop, at first slowly and is shown by a slight tickling sensation in the throat and if allowed to continue their ravages they extend to the lungs producing Consumption and to the head, causing Carbuncle. Now all this is dangerous and if allowed to proceed will in time cause death. At the onset you must act with promptness; allowing a cold to go without attention is dangerous and may cost you your life. As soon as you feel that something is wrong with your Throat, Lungs or Nose, obtain a bottle of Bochee's German Syrup. It will give you immediate relief.

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pains of cutting teeth? If so, send at once and get a bottle of Mrs. Winstow's Soothing Syrup for Children Teething. Its value in inestimable, it will relieve the poor little mother, there is no mistake about it. It cures dysentery and diarrhea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winstow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle Feb. 21st.

When baby was sick, We gave her Castoria. When she was a Child, She cried for Castoria. When she became Miss, She clung to Castoria. When she had Children, She gave them Castoria.

250 Beautiful Lots For Sale!

A RARE CHANCE FOR INVESTMENT AND A HOME

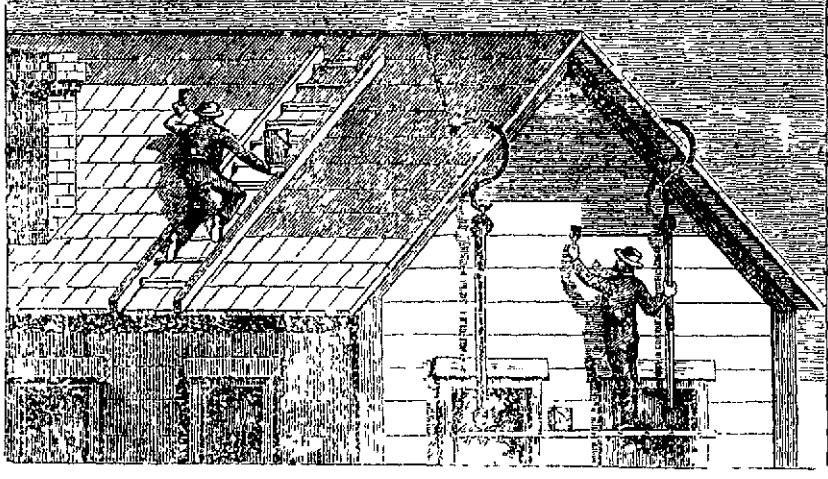

THE MOST LOVELY PORTION OF RENO.

Facing the Truckee—The Aristocratic Riverside Avenue Driveway—Splendid Sewerage—Healthy Location and Safe From Fire.

The proprietor is now ready to receive proposals for lots in Powning's Addition. The map gives a good idea of the Tract, which is situated between the Central Pacific Railroad and the Truckee River, and commences on the west at a point three blocks distant from Virginia Street, making it the most central and convenient of any portion of the rapidly growing town of Reno. Unlike any other part of the town this Addition faces the beautiful Truckee River and Riverside Avenue is certain to become the fashionable driveway of the country. The streets are 80 feet wide, while Riverside and Keystone Avenues are intended to be 100 feet in width. All alleys are 20 feet wide. The soil is a rich gravelly loam, and susceptible of the highest state of cultivation. Being situated as it is it is more safe from fire than any other section. The regular lots are 50x140 feet. The sewerage is perfect.

Before Buying Elsewhere Parties will do Well to Look at These Lots.

P. and B. PATENT IDEAL ROOFING.

PLATFORM.

The Republicans of Washoe, proud of the past and hopeful for the future, heartily endorse the platform and nominees of the National Republican Convention, as adopted at Chicago, and the Rep. Democratic State Convention at Winnemucca, in the following order of precedence for Marion and Monroe and Protection, and Murphy and Bartine and the ticket nominated by this Convention. We demand legislation from both Government and State in regard to irrigation, and for the improvement of our natural waterways, as well as for the storage of water whereby the natural advantages of the country may be developed to the greatest capacity. We demand a more rigid economy in State and County affairs, and the establishment of a State's expense upon such a basis as will secure good government at the lowest rate of taxation. We maintain that a rate of seventy five cents should be paid as sufficient to provide revenue for the State Government.

In view of the rejection of the new Chinese treaty by the Mongolian Government we demand the total and absolute exclusion of all Chinese, and to us must go.

COUNTY CENTRAL COMMITTEE.
